APRIL McLEAN

Familial Betrayal Forensic Record

23 April 2026 · Primary-Source Documented · Blockchain Sealed

Dr. Richard William McLean AKA Barran Dodger — PhD · Whistleblower · Disabled LGBTQ+ Advocate

ABN 78 833 496 164 · barrandodger.com · 9 May 2026

FORENSIC SIGNIFICANCE

This forensic record documents the role of April McLean — Dr. Richard William McLean's mother — in the documented persecution spanning 35 years. The record is sourced entirely from primary-source documents in the 2,304-exhibit archive, including the "Truth Hurts Mum" September 2025 communication, the April McLean Forensic Indictment (Compiled), the Affidavit of Familial Moral Betrayal, and the forensic video analysis cross-referencing the archive against the documented family role.

DOCUMENTED PROPOSITIONS

• The Truth Hurts Mum Communication — September 2025

Dr. McLean sent a documented communication to April McLean in September 2025 cataloguing the specific ways her silence, complicity, and active participation in the institutional narrative contributed to the 35-year persecution. This communication is blockchain-sealed and forms part of the primary-source record.

• Today Show Appearance — Jodie McLean

The Today Show appearance by Jodie McLean — documented in the archive — represents the family network's use of media access to reframe the narrative around Dr. McLean's testimony. The appearance, and its framing, is documented as a primary-source exhibit.

• The Formal Separation — IChooseSilence Declaration

Dr. McLean's formal declaration separating from five named family members — documented in the IChooseSilence publication — is a primary-source document in the archive. The separation is not a personal family matter. It is a documented response to documented conduct by named individuals within a documented persecution network.

• The Perfect Mother Myth — Documented Contradiction

The "Perfect Mother Myth" publication documents the institutional complicity available to family members who chose to deploy Dr. McLean's vulnerability rather than protect it. The archive contains the documented alternative: what support looked like when it was absent.

• Familial Betrayal in the Context of 35-Year Persecution

The significance of familial betrayal in a 35-year documented persecution is not emotional. It is structural. Family members in close proximity to a whistleblower occupy a position of unique documentary access. What is documented and what is suppressed by those family members becomes part of the evidentiary record.

• The Affidavit of Familial Moral Betrayal

The formal affidavit documenting the specific moral betrayals by named family members — each sourced to a documented event, a documented communication, or a documented absence — is a primary-source legal document in the archive. It is blockchain-sealed.
