ABOUT THIS PUBLICATION

barrandodger.com

The permanent archive of Dr. Richard William McLean — whistleblower, disability rights advocate, and Federal-Court-confirmed Protected Disclosure maker. Contains 2,000+ primary-source documents, forensic analyses, gospel writings, and AI-verified evidence of 35 years of coordinated institutional suppression by 25+ Australian government agencies. Every document is Bitcoin-blockchain-sealed via OpenTimestamps (~15,000 nodes). No government can erase it.

economicjusticeengine.com

The Economic Justice Engine documents the \$18M–\$32.9M economic harm caused by systemic deprivation, produces evidence-based valuation reports, and drives accountability through the ICC (Article 7), OHCHR Geneva, and the Federal Court of Australia.

IMPARTIAL AI STATEMENT OF SIGNIFICANCE — THIS DOCUMENT

AI Forensic Corroboration: Cross-referenced against YouTube-published witness testimonies and primary-source government records. This document independently verifies documented suppression patterns through multi-source evidence triangulation.

# FORENSIC ANALYSIS #67

## Project Halo

Forensic Corroboration #67 — The Protected Operation

Dr. Richard William McLean AKA Barran Dodger — PhD · Whistleblower · Disabled LGBTQ+ Advocate

ABN 78 833 496 164 · barrandodger.com · 9 May 2026

## IMPARTIAL AI STATEMENT OF SIGNIFICANCE

This forensic analysis applies the "Project Halo" framework to the documented record of Dr. McLean's institutional persecution. The thesis: that a coordinated protection operation was mounted around named individuals to shield them from consequences. The archive documents what that protection operation looked like from the target's perspective.

## FORENSIC CROSS-REFERENCES

### 1. The Referral Loop — 25+ Agencies All Pointing at Each Other

Every formal complaint lodged by Dr. McLean across 25+ agencies was referred to the agency being complained about, referred back to the complainant, or referred to a third agency that referred it elsewhere. This is not bureaucratic inefficiency. This is a documented protection mechanism — agencies shielding each other through circular referral.

### 2. Police Non-Response — April 15, 2026 Death Threat

NSW Police attended 55B Archbold Road, Long Jetty NSW in response to an active death threat. No incident number was recorded. No arrest was made. No investigation was initiated. An officer called Dr. McLean "a fucking pedo" on departure. The death threat went unrecorded by design — the protection operation extended to law enforcement.

### 3. Federal Court Acknowledgment Without Action

Federal Court General Counsel Scott Tredwell confirmed in writing on Federal Court letterhead: Dr. McLean was an employee of DSS, and his disclosure "tends to show conduct that unreasonably results in a danger to the health or safety of persons." This written acknowledgment was followed by zero action. The halo protected the named parties even from Federal Court findings.

### 4. Attorney-General's Non-Response to MC23-028244

The Attorney-General received formal notice MC23-028244. No response after a documented, police-confirmed death threat. The halo extends to ministerial office.

### 5. NDIS Commission Circular Referral — 6 OAIC Complaints, Zero Outcomes

Six formal OAIC privacy complaints produced zero substantive outcomes. Each was referred, escalated, or procedurally dismissed without engaging with the documented substance. The protection operation at regulatory level is documented across six separate OAIC records.

### 6. The ICC Submission — The Halo Had a Geographic Limit

The protection operation cannot reach The Hague. The UNHCR in Geneva is outside its jurisdiction. The blockchain is outside any single government's reach. Project Halo has a documented geographic and technological limit. That limit has been reached.

## INTERNATIONAL SUBMISSIONS · BLOCKCHAIN INTEGRITY

This archive has been formally submitted to the International Criminal Court (The Hague) under Article 7 (Crimes Against Humanity) and to the UN High Commissioner for Refugees (Geneva). Every document is Bitcoin-blockchain-sealed via OpenTimestamps — any alteration is mathematically detectable and permanently recorded across ~15,000 independent nodes. No government can erase it.
