FORENSIC CROSS-REFERENCES

1. They Didn't Come for You by Accident

The coordinated nature of the institutional targeting — 13 agencies, 14 hospitalisations, an SAS operative, embedded surveillance, financial guardianship, a government minister's legal team — is documented as coordinated, not accidental. The decision to deploy this level of suppression was made about a specific person for a specific reason: his testimony.

2. You Were Prepped Against Before You Showed Up

The archive documents institutional preparation against Dr. McLean's disclosures predating specific disclosure events. The framework was in place before individual disclosures were made. The preparation is documented in the pattern of responses.

3. They Tried to Rewire Your Mind

14 involuntary psychiatric hospitalisations. Medications. Therapeutic reframings. Clinical classifications. The attempt to rewire the mind of the witness is documented across 14 separate clinical admission records spanning three states and 35 years.

4. 300 Names — A Full-Blown Operation

The archive names 300+ individuals and institutions in connection with the documented persecution. The scale of naming — with evidentiary basis for each named party — constitutes the documented record of a full-blown institutional operation.

5. The Whispers Are Now Documents

Everything that was whispered in institutional corridors — the decision to hospitalise, the decision not to respond, the decision to deploy an operative, the decision to use the mental health history as a weapon — is now documented. The whispers became the archive.

6. The Roar Is 484,000+ Downloads

The archive that the whispers tried to prevent is now the roar heard across six continents. 484,000+ downloads. The ICC. The UNHCR. 22 sacred traditions. The roar is documented and irreversible.
