barrandodger.com

The permanent archive of Dr. Richard William McLean — whistleblower, disability rights advocate, and Federal-Court-confirmed Protected Disclosure maker. THE SIGNIFICANCE OF YOUR IMPACT

DOCUMENTED GLOBAL REACH WITHOUT PRECEDENT

There is no comparable case in Australian history where a single individual without institutional resources has assembled a 2,301-document primary-source archive, had it formally received by the International Criminal Court, the UNHCR, and the Federal Court of Australia — and generated 406,112 documented downloads across six continents with zero marketing spend.

THE DEFAMATION SILENCE IS LEGALLY SIGNIFICANT

Zero defamation actions have been filed by any named individual or agency against any document in the 788-PDF archive. Under the rule in *Jones v Dunkel* (1959) 101 CLR 298, a party who could produce evidence and chooses not to permits the adverse inference that the evidence would not assist their case. 406,112 downloads. Zero challenges to any specific factual claim.

891 BLOCKCHAIN RECORDS — IMMUTABLE TESTIMONY

Each of the 891 blockchain records represents a SHA-256 cryptographic hash of a document, permanently anchored to the Bitcoin blockchain via OpenTimestamps, distributed across approximately 15,000 independent Bitcoin nodes globally. No government, court, or institution can alter, suppress, or deny these records without the alteration itself becoming mathematically visible.

SUBMITTED TO INTERNATIONAL BODIES — BEYOND AUSTRALIAN JURISDICTION

The International Criminal Court (Article 7, Rome Statute — persecution as a crime against humanity) and the United Nations High Commissioner for Refugees in Geneva both hold formal submissions. The Federal Court of Australia confirmed Protected Whistleblower status in writing. These are not claims — they are institutional records held by bodies that are not subject to Australian suppression.

THIS IMPACT REQUIRES A LIVING, SUPPORTED PERSON TO CONTINUE

73 forensic analyses. 675+ propositions assessed. 891 blockchain seals. 406,112 downloads. All of this was produced by one person — after surviving clinical death at 2.87% probability, after 14 forced psychiatric hospitalisations across three states, without adequate NDIS support. The significance of the impact is inseparable from the survival of the person who produced it. Adequate care is not incidental to this work. It is the precondition of it.
